EAC Press Release

The Estate Agents Co operative Announces Their Support for an Insurance Alternative for the NSW Real Estate Industry

Mr David Crombie, Chief Executive Officer of the Estate Agents Co-operative (EAC) today announced a new alliance endorsing OAMPS Insurance Brokers as their preferred suppliers of insurance services, expertise and risk management.

As the largest independent real estate organisation in Australia, the EAC proudly offers its members and the industry a wide range of products and services to meet the needs of today's real estate and property professional. With a core objective of providing the NSW real estate industry with the best insurance solutions available, the partnership with OAMPS Insurance Brokers was a natural alternative for a number of reasons, including their extensive experience and capabilities.

Mr Crombie said: "OAMPS' has demonstrated an ability to work hand in hand with clients to truly understand the complexities of their business. With a broker network extending across the country, and a broad range of insurance options that also cover stock and station inclusions which has been neglected by other industry bodies. EAC also have the reach to cater to members of the real estate industry's needs, no matter where they are, or how their business is structured".

OAMPS has the experience and capability to provide the industry with a wide range of insurance advice and solutions, including:

- Professional indemnity/Management liability insurance
- Property insurance - broadened definitions of buildings, stock and weather perils
- Business interruption insurance - with extended indemnity periods and cover extensions
- Public and products liability programmes
- Stock and Station
- Machinery and equipment programmes
- Commercial motor vehicle fleets

Mr Bruce McCluskey, OAMPS Branch Manager said: "OAMPS offers an insurance solution that's a bit different than those available from the rest of the market. We pride ourselves on getting closer to clients through specialising - providing specifically designed protection packages. We're really excited about the opportunity to assist the members of the EAC and the industry as a whole in ensuring they have the right insurance, at the right price".
